

Lunch Cruise to RB's at Shem Creek
Sunday December 6th
Meet in the Restaurant at Noon
Cruise Captain Paul Wood

RB's is the one with the Red Roof and has a dock right outside the Restaurant, plenty of car parking around back, come by car or boat!

High tide is at 4:05pm. Enter the narrow Shem Creek channel

Between R "2" and G "1" then follow the red markers keeping fairly close to the boat docks coming from the shore, and turning in at Fl. R"16".

Currently they are replacing the boardwalk opposite RB's and mooring at the concrete Town dock is limited to the upstream end of it.

RSVP to let me, Paul Wood know if you plan to come by Sunday Nov 29th
